The World's Greatest
Scholars Contributed to
Make **THIS** Cyclopædia
the **BEST** Reference Work
in the English Language.

"The Universal Cyclopædia and Atlas" is a work which by its plan for systematically studying subjects trains its readers to use a reference work; how to "hunt down" and exhaustively study any subject required in the office, school or home.

Your children are educated in American Schools; therefore furnish them a work of reference conceived in the spirit of American progress and in harmony with American ideas and institutions.

SPECIAL ANNOUNCEMENT.

One year ago THE SUN announced a special arrangement entered into with D. Appleton & Company for the introductory edition of APPLETONS' UNIVERSAL CYCLOPÆDIA AND ATLAS—to be sold through THE SUN, at a saving to the public of 25 per cent.

During the past year thousands of sets of APPLETONS' UNIVERSAL CYCLOPÆDIA AND ATLAS have been placed throughout the United States and Canada.

This enormous sale has brought about the necessity for a second edition, which is now ready. The value of THE SUN as an advertising medium is thus thoroughly demonstrated. The enormous sale of APPLETONS' UNIVERSAL CYCLOPÆDIA AND ATLAS during the past year makes apparent the intense desire of the public to possess a thoroughly reliable and up-to-date AMERICAN CYCLOPÆDIA.

To meet the requirements of this demand, D. Appleton & Company have enlarged their staff of editors and completed plans for keeping APPLETONS' UNIVERSAL CYCLOPÆDIA AND ATLAS to date, having organized a corps of editors who are constantly at work on the CYCLOPÆDIA. The first edition having been exhausted, D. Appleton & Company have renewed their arrangements with THE SUN—thereby giving the public an opportunity to effect a saving of 25 per cent. on the 2d edition.
